IMPORTANT REMINDERS

As a Leader in Me School, one of our 5 Core Paradigms is that parents and teachers partner to support the whole child. We value you as your student's first teacher because you know your student best.

Parents and teachers can support students as they grow academically, socially, and emotionally in school. As a parent of a Leader in Me student, you are a valuable member of our Learning Team and have an essential role in your student's educational journey. Students will receive family activities for the weekend to reinforce what they have learned about Leadership during the week. We encourage you to complete the activity with your student and the entire household.

This month we will focus on **Habit 1: Be Proactive**. It simply means I'm in charge of me, I am free to choose, and I am in charge of my happiness. Students will learn about responsibility, choice, accountability, taking the initiative, and being resourceful. They will begin to use more proactive language, the "I can do" language. We know this journey will be exciting and rewarding for students, teachers, families, and the community.
